Introduction to Districting

Douglas Johnson, National Demographics Corporation
Jen Nentwig, Tripepi Smith

Introductions

Meeting is being recorded

Zoom Features

- Raise your hand to speak

This Session's Goal

Gather feedback on the map that should be included when voters decide whether to change to by-district elections.

Presentation Overview

- I. Current Election System and Proposed Transition
- II. The Districting Question Timeline
- III. Legal Requirements for Districts
- IV. Review of Draft Maps
- V. Share Your Thoughts on the Draft Maps
- VI. Review Public Mapping Tools
- VII. How to Stay Engaged

Current Election System

- “At Large” also known as “Citywide,” Council elections
 - ▣ Two seats up in 2024, three in 2026
 - ▣ Any city voter can run for Council in any year
 - ▣ All city voters cast ballots for two (in 2024) or three (in 2026) candidates
 - ▣ The top two (in 2024) or top three (in 2026) candidates are elected
 - ▣ One Councilmember is chosen as Mayor each year by vote of the Council

Proposed New Election System

□ Six Districts with Citywide-elected Mayor

- City would be divided into six districts, each holding an election every four years (Candidates need to live in the district, and only district residents vote for who will represent them)
- Separate citywide election for Mayor every four years
 - No required change in Mayor's role beyond what is currently in City Charter, but that is open to discussion
- Enters CVRA “safe harbor”
- Each voter has two representatives: a district Councilmember and a citywide Mayor
- Keeps a Citywide representative while implementing districts
- **All Subject to Voter Approval**

The Districting Process

Step	Description
1st Council Hearing June 13	Held prior to release of draft maps. Education and to solicit input on the composition of districts.
1st Round of Community Forums	First round: 1 virtual workshop, 6 in-person workshops + pop-up events. Beginning June 13 through July 27
2nd Council Hearing July 11	Very similar presentation to the first hearing, but with a summary of feedback from the forums. Council opportunity to give direction to NDC.
<i>Initial Deadline for the public to submit maps</i> <i>August 5</i>	Maps must be submitted far enough in advance to allow NDC to download, input and process the maps for posting online before the August 8 posting deadline.
<i>Deadline to post initial draft maps on project website</i> <i>August 8</i>	Maps must be posted at least 7 days prior to 3 rd hearing.
3rd Council Hearing August 15	First formal public and Council consideration of initial draft maps. Opportunity for Council to select “focus” maps options and to request new or revised maps.

The Districting Process

Step	Description
2nd Round of Community Forums	Second round: 1 virtual workshop, 6 in-person workshops + pop-up events. Beginning August 17 through September 7
<i>Deadline to submit maps</i> <i>September 28</i>	Maps must be submitted far enough in advance to allow NDC to download, input and process the maps for posting online.
<i>Deadline to post new maps</i> <i>October 3</i>	Maps must be posted at least 7 days prior to 4 th hearing.
4th Council Hearing October 10	Public & Council to consider “focus” maps and any new or revised maps. Preferred map and election sequence selected and 1 st reading of adoption ordinance.
5th Council Hearing and Map Adoption October 24	Council selects map via ordinance, contingent on voter approval. Final map must be posted at least 7 days prior to adoption.
Citywide Vote March 5, 2024	Vote on transition to by-district elections on primary and (at-large) City Council election ballot

Districting Rules and Goals

1. Federal Laws

- Equal Population
- Federal Voting Rights Act
- No Racial Gerrymandering

2. California Criteria for Cities

1. **Geographically contiguous**
2. **Undivided neighborhoods and “communities of interest”**
(Socio-economic geographic areas that should be kept together)
3. **Easily identifiable boundaries**
4. **Compact**
(Do not bypass one group of people to get to a more distant group of people)

Prohibited:

“Shall not favor or discriminate against a political party.”

3. Other Traditional Redistricting Principles

- Respect voters’ choices / continuity in office
- Future population growth

Draft Maps Overview

- 22 maps submitted by the public
 - Two are partial maps that include one district for a six-district map
 - Four were not population balanced (including a 5-district and a 7-district map)
 - Two maps are identical (107 and 113)
- NDC added two maps based on partial maps and community input
- August 15th discussion generated two new map variations

- **Current Count: 19 maps to consider**

Concerns Expressed by Residents

Some concerns expressed about some specific elements of some initial draft maps include:

- ❑ Combining Kenneth Village area with Crescenta Highlands area (across or around the Verdugo Mountains)
- ❑ Dividing South Glendale into too many pieces
- ❑ Dividing neighborhoods
- ❑ Splitting Rancho from southwest Glendale
- ❑ “Tropico” area between Brand and Glendale shares more in common with the area west of Brand than with Adams Hill
- ❑ Adams Hill may fit better with Canyons than with the rest of South Glendale

Draft Maps

Draft Map Discussion

- Which map do you prefer, and why?
 - ▣ Could some change improve that map?

- Which map(s) do you dislike? Why?

Public Mapping and Map Review Tools

- ❑ Different tools for different purposes
- ❑ Different tools for different levels of technical skill and interest
 - ❑ Simple “review draft maps” tool
 - ❑ Paper-based simple “Draw a draft map” tool
 - ❑ Powerful, data-rich “Draw a draft map” online tool

Whether you use the online mapping tool, the paper kit, or just draw on a napkin, we welcome your maps!

Simple Map Drawing Tool

Paper “Public Participation Kit”

- ❑ For those without internet access or who prefer paper
- ❑ Total Population Counts only – no demographic details

Glendale 2023 Districting Public Participation Kit

Each number indicates the total population of that "population unit" area. Each district must have essentially equal population. The population of each of the 6 districts must be close to 32,830, with no more than a 3,283-person difference between the largest and smallest.

Please use a thick dark-colored pen to draw your map, then submit it at City Hall or by email to mapglendale@glendaleca.gov

You can hand-deliver, mail, fax, scan and email, or photograph and email your map.

DRA (Dave's Redistricting App)

Draw Your Community of Interest or a Full District Map

- ❑ Easy-to-use online mapping tool
- ❑ Full demographic and geographic database
- ❑ Email a link to your map to the City and publish or share

Q&A With Your Hosts

How to Stay Engaged

The City is committed to robust outreach and engagement throughout the process, including the following:

- ❑ Dedicated website:
www.mapglendale.org
- ❑ In-person workshops
- ❑ Virtual workshops
- ❑ Pop-up events in the community
- ❑ Social media (including online ads)
- ❑ Animated explainer video
- ❑ Flyers
- ❑ Community group outreach
- ❑ Interpretation/translation of materials

City of Glendale, CA
June 8 at 6:00 PM

#DidYouKnow the City of Glendale is proposing a change in how voters elect City Councilmembers? The proposed change will be put before voters on the March 2024 ballot. If the change is approved, then, beginning with the Council elections in 2026 and 2028, voter will elect one person who resides in their district to represent their district on the City Council and all Glendale voters will have the opportunity to directly elect the mayor who will represent the entire City.

Head over to MapGlendale.org, our newly developed one-stop-shop website for all districting needs. You'll find information about the districting process, the upcoming community workshop schedule, how to get involved, and more!

Glendale
California

Welcome

District Elections

The City of Glendale, like hundreds of other cities and school districts across the state, is proposing a change in how voters elect City Councilmembers. The proposed change will be put before voters on the March 2024 ballot. If the change is approved by the voters, then, beginning with the Council elections in March 2026 and 2028, voters will elect one City Councilmember who lives in and is elected by voters in their district. This will replace the current system of at-large citywide elections, in which voters have the ability to vote for all City Councilmembers in glendale elections.

We need your help to draw the proposed City Council district!

One of our primary goals when drawing City Council districts is to draw lines that respect neighborhoods and communities of interest. So we want to know: What do you consider the boundaries of your neighborhood? Which areas should be in just one district for fair representation?

How to Participate?

Show your specific thoughts, draw a map or attend an upcoming workshop to get involved!

- Submit online testimony about your community, the districting process, or a specific map to community@mapglendale.org
- [Click here to learn more](https://www.mapglendale.org) about workshops and public hearings at which you can speak about the process or a specific map.

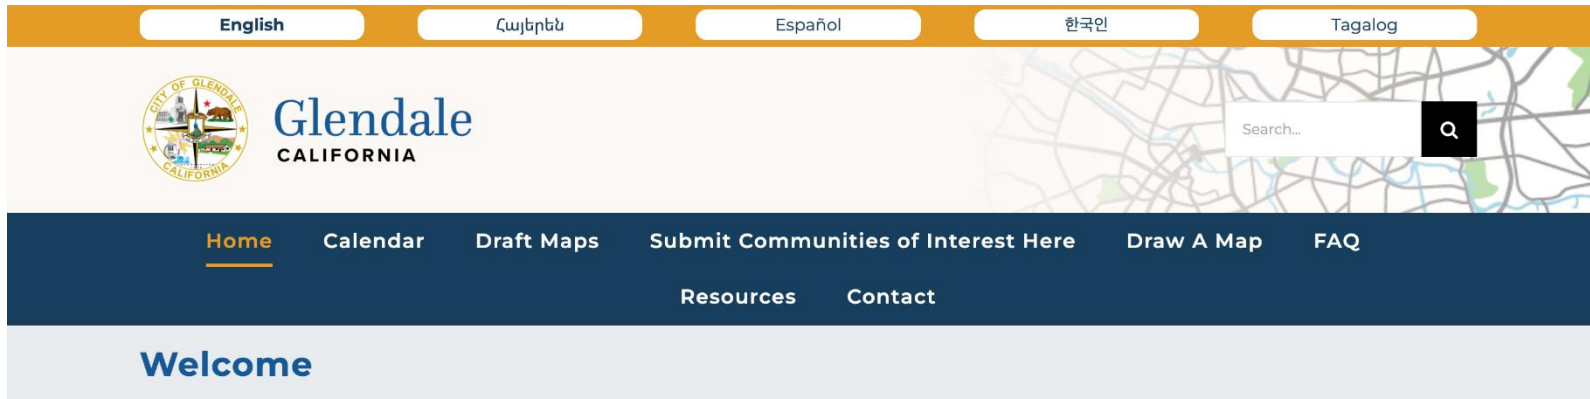

All the hearings and workshops, we encourage members of the public to share one or more of the following items:

- Define your neighborhood or community of interest
- Explain why you believe districting is relevant to your community.

How to Stay Engaged

District Elections

The City of Glendale has passed a resolution of intent to change from citywide elections to district elections to elect its City Councilmembers. The proposed change will be put before voters on the March 2024 ballot. The City is considering a plan for six (6) separate council districts and a directly elected mayor. If this plan is approved by the voters, this would take effect beginning with Council elections starting in 2026. Voters would have the opportunity to elect one City Councilmember who lives in and is elected by voters in their district and all Glendale voters would vote to select their next Mayor.

We need your help to draw the proposed City Council districts!

One of our primary goals when drawing City Council districts is to draw lines that respect neighborhoods and communities of interest. So we want to know: What do you consider the boundaries of your neighborhood? Which areas should be in just one district for fair representation?
